

Welcome!

We're excited you're interested in becoming a member of Rivertown Credit Union! To join, we make it simple and easy. If you live, work, worship, or attend school in the state of Michigan, you're in!

Remember that immediate family members of anyone who has an existing account can also join, no matter where they live! What counts as immediate family, you ask? Parents (including step), grandparents, siblings (including step), children (including step and adopted), and grandchildren. Also, once you become a member, you can be a member for life as long as you maintain a share account in good standing.

To sign up today, we'll just need a few things to get your new membership started:

- Social Security Number
- Driver's License
- Contact Information
- Valid Email Address
- Mother's Maiden Name
- \$5 Share Deposit

Now you might be asking yourself, "Why should I join?" To which we say, "Why wouldn't you?!"

We have all the great products and services you would expect from any financial institution with the added benefit of belonging and being more than a number. We love our members and the communities in which we serve! We're here to help you learn and grow in whatever way you need financially. And in return, your input and belonging help us grow right along with you!

We're excited to have you join Rivertown Credit Union and look forward to all the ways we can help you!

We'd love to hear from you! Connect with us today:
